

Bombora welcomes Allyn Wasley as Chief Financial Officer

Bombora Wavepower
30th May 2016

Media Release

Bombora Wave Power Pty Ltd ('Bombora' or 'the Company') has appointed senior executive Allyn Wasley as Chief Financial Officer. Mr Wasley will lead the Company's recently announced private capital raising to fund construction and deployment of the first 1.5MW mWave™ in 2017 in Peniche, Portugal.

With over 15 years in executive level management and 10 years as a company director, Mr Wasley is highly experienced in corporate finance, mergers and acquisitions, corporate governance and project management. In addition to holding multiple directorships, Mr Wasley has worked as General Manager, Company Secretary and CFO at CBH, Australia's largest co-operative and a leading agri-business.

Bombora's Chief Executive Officer, Sam Leighton, said, "We are delighted to welcome Allyn to our team. His wealth of knowledge in corporate finance will play a crucial role with our current capital raising. He comes on board at an exciting time for Bombora, with our 'invisible' mWave™ technology starting to generate clean electricity in 2017."
